Editorial Note

We are delighted to present the E-Magazine of MES AIMAT for the academic year 2025–2026, a comprehensive reflection of the vibrant journey of our MBA and MCA departments. This edition captures the essence of our academic excellence, co-curricular achievements, events, and memorable experiences that have shaped this year.

The magazine showcases a wide spectrum of activities including academic programs, student achievements, departmental events, industry interactions, and various initiatives that highlight the dynamic learning environment at MES AIMAT. It stands as a testimony to the dedication, creativity, and collaborative spirit of our students and faculty members.

This publication not only documents milestones but also celebrates the collective efforts of everyone who has contributed to making this academic year successful and meaningful. It reflects our commitment to holistic development, innovation, and continuous learning.

A special note of gratitude to our Director, **Dr. Jubel Mathew** Sir, for his constant support and encouragement in making this magazine a reality.

We extend our heartfelt gratitude to all contributors, coordinators, and the editorial team for their sincere efforts in bringing out this magazine. Their commitment and teamwork have made this publication possible.

We hope this magazine serves as a source of inspiration and pride for all readers and continues to motivate us to achieve greater heights.

MES AIMAT MARAMPALLY

M.E.S-Advanced Institute of Management and Technology (M.E.S-AIMAT) stands as a beacon of excellence in private education within Kerala. Our institution offers a comprehensive range of educational programmes, including a Two-Year Full-Time MBA programme with specializations accredited by M.G. University, as well as a Two-Year Full-Time MCA program. The college is affiliated to M.G. University, Kottayam, and approved by All India Council for Technical Education (AICTE), New Delhi.

Established in 2001 with the inception of the MCA programme, followed by the MBA programme in 2003, M.E.S-AIMAT originated as part of M.E.S. College, Marampally. In 2012, it evolved into an autonomous institution, affiliated with M.G. University, and certified and recognized by AICTE. Our sprawling campus, nestled in a picturesque hilly terrain enveloped by verdant foliage, offers a visual treat for nature enthusiasts. Situated in close proximity to the Periyar River, the vibrant city of Kochi and Cochin International Airport, M.E.S-AIMAT enjoys an enviable location.

Mission

To promote higher and technical education and improve the standard and quality of education among the people in general, minorities and backward classes in particular.

Vision

To work for the educational, social and economic advancement of the people of India in all possible ways. and enhancing overall quality of life through inclusive development

About MBA Department

The MBA Department at MES AIMAT offers a dynamic learning environment focused on developing future business leaders. Established in 2003, the department provides specializations in Marketing, Human Resource Management, and Finance. The program emphasizes practical learning through case studies, industry interactions, and skill-based training.

ACADEMIC PROGRAMS OVERVIEW

Master of Business Administration (MBA)

Kerala has emerged as a prominent destination for management education, offering quality MBA programmes that combine academic excellence with practical exposure. Known for its high literacy rate and strong educational infrastructure, the state provides a conducive environment for students to pursue professional studies in business administration.

MBA programmes in Kerala are designed to equip students with essential managerial skills, leadership qualities, and industry-oriented knowledge. Universities and institutions across the state emphasize a balanced approach that integrates theoretical concepts with real-world applications through internships, case studies, seminars, and industry interactions.

The presence of diverse industries such as tourism, banking, IT, healthcare, and retail in Kerala provides students with ample opportunities for practical learning and career growth. Many institutions also focus on soft skill development, communication training, and placement-oriented programs to enhance employability.

With experienced faculty, modern teaching methodologies, and a growing focus on innovation and entrepreneurship, MBA education in Kerala continues to attract students from across the country. It plays a vital role in shaping competent professionals who can contribute effectively to both local and global business environments.

The Master of Business Administration (MBA) at MES AIMAT is a two-year full-time postgraduate programme offered under a Choice Based Credit and Semester System (CBCSS) with a grading system. The curriculum is designed in alignment with the AICTE model curriculum (2018), ensuring that students receive industry-relevant and outcome-based management education. The programme focuses on developing managerial competence, leadership skills, and entrepreneurial abilities, preparing students to adapt to the dynamic global business environment

Course Details:

- Duration: 2 Years (4 Semesters)
- Specializations:
 - Marketing
 - Human Resource Management
 - Finance
- Learning Approach:
 - Case studies and business simulations
 - Group discussions and presentations
 - Industry interactions and practical exposure

Programme Outcomes:

- Strong foundation in business and management concepts
 - Critical thinking and problem-solving skills
 - Ethical leadership and social responsibility
 - Effective communication and teamwork
 - Global exposure and cross-cultural understanding
-

About MCA Department

The MCA Department at MES AIMAT is dedicated to nurturing skilled IT professionals with strong technical and analytical abilities. The program focuses on innovation-driven education, combining theoretical knowledge with practical exposure through projects, coding labs, and industry collaborations.

ACADEMIC PROGRAMS OVERVIEW

Master of Computer Applications (MCA)

The Master of Computer Applications (MCA) at MES AIMAT is a two-year full-time postgraduate programme offered under a credit-based semester system. The programme is designed to provide innovation-oriented education with a strong emphasis on practical and industry-relevant skills. The curriculum aims to create skilled IT professionals by combining theoretical knowledge with hands-on training, enabling students to meet current technological demands.

Course Details:

- Duration: 2 Years (4 Semesters)
- Curriculum updated from Academic Year 2020 onwards
- Focus on:
 - Programming and software development
 - Database management
 - Emerging technologies

Learning Components:

- Lab-based practical sessions
- Mini and major projects
- Industry-oriented training
- Digital learning and skill development

Programme Outcomes:

- Strong foundation in business and management concepts
 - Critical thinking and problem-solving skills
 - Ethical leadership and social responsibility
 - Effective communication and teamwork
 - Global exposure and cross-cultural understanding

DEPARTMENTAL ACTIVITIES

LAB SESSIONS

The academic year 2025–2026 has been a vibrant and enriching period for the MBA and MCA departments at MES AIMAT. A wide range of departmental activities were organized with the objective of enhancing students' academic knowledge, professional competencies, and overall personality development.

Throughout the year, both departments actively conducted seminars, workshops, guest lectures, and training sessions led by industry experts and academicians. These initiatives provided students with valuable exposure to current industry trends, emerging technologies, and practical insights beyond the classroom. Various skill development programs, including communication training, leadership sessions, and technical workshops, were also organized to equip students with essential competencies required in today's competitive environment.

The departments also encouraged student participation through management fests, technical events, group discussions, and competitions, which helped in nurturing creativity, teamwork, and problem-solving abilities. Industrial visits and interactive sessions further bridged the gap between theoretical learning and real-world application.

Overall, the departmental activities of this academic year reflect a strong commitment towards holistic development, innovation, and excellence, making MES AIMAT a hub of active learning and growth.

FRIENDSHIP DAY

The arrival of the first-year students was celebrated with great enthusiasm and warmth by the senior students of MES AIMAT. To make the newcomers feel comfortable and valued, the seniors organized a special welcome program, fondly named “Friendship Day.”

The event was filled with joy, laughter, and meaningful interactions, creating a friendly and inclusive atmosphere for the new batch. As a gesture of love and camaraderie, the seniors presented thoughtful gifts to the first-year students, symbolizing unity and togetherness. This warm welcome helped break the ice and encouraged the juniors to feel at home within the campus.

“Friendship Day” was not just a welcoming event, but a celebration of bonding, mutual respect, and the beginning of lasting relationships between seniors and juniors. It reflected the strong culture of support and positivity that defines the student community at MES AIMAT.

The program marked a beautiful start to the academic journey of the first-year students, leaving them with cherished memories and a sense of belonging.

Association Day at MES AIMAT

Association Day at MES AIMAT is celebrated as an exciting and vibrant two-day event that reflects the energy, talent, and unity of students. It is one of the most anticipated occasions in the campus calendar, providing a perfect blend of intellect, sportsmanship, and cultural expression.

The first day of the celebration is dedicated to indoor programs, focusing on activities that enhance strategic thinking and mental skills. Events such as management games challenge students to apply their academic knowledge in practical scenarios, promoting leadership, teamwork, and decision-making abilities. Alongside this, games like chess and carroms bring out the competitive spirit among students while encouraging concentration, patience, and analytical thinking. The indoor events create a lively yet intellectually stimulating atmosphere within the campus.

The second day shifts the excitement to outdoor and stage programs, making it more energetic and colorful. Sports events like badminton allow students to showcase their physical fitness, coordination, and sportsmanship. At the same time, the stage comes alive with cultural performances including dance, music, and other creative acts, where students express their talents with confidence and enthusiasm. These programs add vibrancy and entertainment to the celebration, making it enjoyable for both participants and the audience.

Overall, Association Day at MES AIMAT is more than just an event—it is a celebration of student talent, creativity, and unity. It helps in building confidence, strengthening friendships, and creating unforgettable memories, while also promoting the importance of holistic development beyond academics.

TRAINING

At MES AIMAT, training and development form an integral part of the academic journey for both MBA and MCA students. The institution consistently strives to equip students with the necessary skills, knowledge, and professional competencies required to excel in today's dynamic and competitive environment.

Throughout the academic year 2025–2026, a variety of training programs were organized focusing on both technical and managerial skill development. MBA students were provided with sessions on communication skills, leadership development, aptitude training, interview techniques, and personality enhancement, preparing them for corporate challenges. MCA students, on the other hand, benefited from technical training programs, coding workshops, software development sessions, and exposure to emerging technologies.

The institution also arranged placement-oriented training, including mock interviews, group discussions, resume-building workshops, and career guidance sessions. These initiatives helped students gain confidence and improve their employability skills. Industry experts and experienced trainers were invited to conduct interactive sessions, offering practical insights and real-world exposure.

Such training programs not only enhance academic learning but also bridge the gap between theoretical knowledge and industry requirements. The continuous efforts of the institution in providing quality training reflect its commitment to shaping competent, confident, and career-ready professionals.

CELEBRATION OF FESTIVALS

At MES AIMAT, cultural diversity and unity are celebrated with great enthusiasm and joy. During the academic year, the institution proudly observed various important festivals such as Eid, Onam, Christmas, and many more, reflecting the spirit of inclusiveness and togetherness among students and faculty.

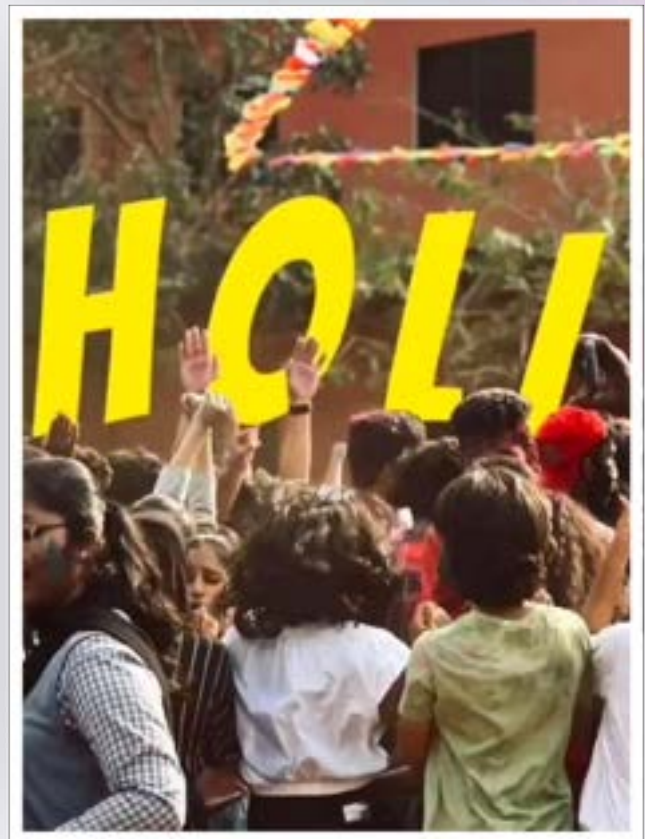

Each celebration was marked with vibrant programs, traditional attire, cultural performances, and festive gatherings that brought everyone together. The celebration of Onam showcased the rich heritage of Kerala with traditional activities like floral decorations and festive meals. Christmas was celebrated with decorations, carols, and joyful events spreading happiness and warmth across the campus. Eid was observed with a sense of gratitude, sharing, and unity, emphasizing the values of compassion and harmony.

These celebrations not only added color and joy to campus life but also helped in fostering mutual respect, cultural awareness, and strong bonds among students from diverse backgrounds. The active participation of students and faculty made each event memorable and meaningful.

Such festive celebrations truly reflect the essence of MES AIMAT as a place where diversity is embraced and unity is strengthened.

The institution celebrated various important festivals with great enthusiasm and unity, including

- Onam
- Eid al-Fitr
- Eid al-Adha
- Easter, Diwali
- Christmas
- Holi
- Kerala Piravi

EVENTS

The academic year 2025–2026 witnessed a wide range of department-wise events organized by the MBA and MCA departments at MES AIMAT. These events were thoughtfully planned to enhance students' academic knowledge, practical skills, and overall personality development.

The MBA department conducted various management fests, business quizzes, seminars, workshops, and group discussions that helped students develop leadership, communication, and decision-making skills. Activities such as case study competitions and presentations encouraged analytical thinking and real-world problem-solving abilities.

Similarly, the MCA department organized technical events including coding competitions, project presentations, technical quizzes, and workshops on emerging technologies. These events provided students with hands-on experience and exposure to the latest developments in the IT field.

Both departments actively encouraged student participation, fostering teamwork, creativity, and innovation. These events also created opportunities for students to showcase their talents and gain confidence in their respective domains.

The following events were celebrated

- Teachers' Day
- Independence Day
- World Environment Day
- Ethnic Day
- Farewell Day
- Women's Day
- International Yoga Day
- Reading Day
- Arts Day / Cultural Fest

Iftar Meet

Culturals

Tech Fest – MCA Department AWEGA

The MCA Department of MES AIMAT proudly organized its flagship Tech Fest, a grand and dynamic event that brought together students from various colleges across Kerala. The fest served as a platform to showcase technical expertise, creativity, and innovation among budding IT professionals

The event featured a wide range of activities, including technical competitions, coding challenges, project presentations, and various spot events that kept the participants actively engaged throughout. Students enthusiastically participated, demonstrating their skills, knowledge, and competitive spirit in a vibrant and energetic atmosphere.

The Tech Fest not only provided an opportunity for students to exhibit their technical talents but also encouraged interaction, collaboration, and knowledge sharing among participants from different institutions. The presence of external participants added to the prestige and success of the event.

Being one of the major highlights of the MCA Department, the Tech Fest is envisioned as an annual event, growing bigger and better each year. It reflects the department's commitment to fostering innovation, technical excellence, and holistic development among students.

Overall, the event was a grand success, leaving behind memorable experiences and setting a strong benchmark for future editions.

Tech Fest – MCA Department

The event featured a diverse lineup of technical and non-technical activities, including coding competitions, debugging challenges, web and app development contests, technical quizzes, and project presentations. In addition, a variety of spot events added excitement and energy to the fest, encouraging spontaneous participation and creativity among students.

One of the key highlights of Tech Fest 2025 was the opportunity it provided for students to interact with peers from different institutions, exchange ideas, and explore emerging trends in the field of information technology. The event created a competitive yet friendly environment that inspired participants to showcase their talents and push their limits.

The successful organization of the fest reflected the dedication, teamwork, and leadership skills of the MCA students and faculty. From planning and coordination to execution, every aspect of the event was managed efficiently, ensuring a memorable experience for all attendees.

Tech Fest 2025 has further strengthened its identity as a flagship annual event of the MCA Department, setting a high standard for future editions. It not only celebrated technical brilliance but also reinforced the spirit of innovation and excellence that defines MES AIMAT.

DEPARTMENT OF MANAGEMENT STUDIES
PRESENTS

MBA PREMIER LEAGUE

on 04-02-2026

all are Welcome

MBA Premier League – A Grand Football Extravaganza

For the first time at MES AIMAT, the MBA Department successfully organized an exciting football tournament titled the “MBA Premier League.” This unique initiative brought a professional and realistic touch to campus sports, making it one of the most memorable events of the academic year.

The highlight of the event was the player auction, where participants were selected into six different teams in a manner similar to professional leagues. The tournament was thoughtfully structured with designated team managers, star players, icon players, and legend players, adding a thrilling and authentic experience for everyone involved.

The entire tournament was conducted over a lively night, filled with energy, enthusiasm, and competitive spirit. The event attracted wide attention across the MES College, Marampally campus, with students from other departments appreciating the organization and execution of the league.

The grand finale witnessed an intense match between Manchester United and PSG, where Manchester United emerged as the champions, showcasing outstanding teamwork and performance.

The MBA Premier League was not just a sports event, but a celebration of teamwork, leadership, and innovation. Its grand success has set a benchmark for future events, making it a proud moment for the MBA Department.

MPL-FOOTBALL LEAGUE 2K26

STUDENT ACHIEVEMENTS

The academic year 2025–2026 has been a proud and remarkable period for the students of the MBA and MCA departments at MES AIMAT. Our students have actively participated in various seminars, conferences, tech fests, and management fests conducted by different colleges and institutions, showcasing their talents and competencies.

With great enthusiasm and dedication, students represented the institution in diverse academic and co-curricular platforms, achieving notable success and bringing laurels to MES AIMAT. Their accomplishments in areas such as presentations, technical competitions, business events, and other competitive activities reflect their strong knowledge base, creativity, and confidence.

These achievements are a testament to the continuous support and guidance provided by the faculty, as well as the hard work and commitment of the students. Participating in such intercollegiate events has not only enhanced their skills but also broadened their exposure to real-world challenges and opportunities.

The success of our students highlights the institution's focus on holistic development and excellence, making MES AIMAT a center of talent, innovation, and achievement.

STUDENT ACHIEVEMENTS

During the current academic year, the students of the MBA and MCA departments have gained valuable exposure and practical learning by actively participating in various conferences, fests, seminars, and academic competitions conducted across different institutions. Their enthusiastic involvement has not only enhanced their knowledge but also strengthened their confidence and professional skills.

Through these platforms, students had the opportunity to interact with peers, present their ideas, and experience real-time competition, which contributed significantly to their overall development. Many of our students have also secured prizes and recognitions, bringing pride and honor to the institution.

These experiences have played a crucial role in shaping their academic journey, helping them bridge the gap between theory and practice. The achievements of our students reflect their dedication, hard work, and the continuous encouragement provided by the faculty.

Overall, the academic year has been a rewarding one, filled with learning, achievement, and growth, further strengthening the reputation of MES AIMAT as a hub of excellence.

PLACEMENT PROGRAM

During the academic year, the institution organized several placement-oriented training programs to prepare students for successful careers. These programs were designed to enhance employability skills through sessions on aptitude, communication, interview techniques, group discussions, and personality development.

The training initiatives provided students with practical exposure and helped them build confidence to face recruitment processes effectively. With continuous guidance from faculty and trainers, students were well-equipped to meet industry expectations.

As a result of these dedicated efforts, the 2024–2026 batch achieved commendable placement outcomes. Many students secured job opportunities in reputed organizations, reflecting the effectiveness of the training programs.

Placement Drive MBA 2024-26 Batch

The current academic year has been a remarkable milestone for MES AIMAT in terms of placements. Over the past two months, the institution has successfully established strong collaborations with several reputed companies, creating excellent career opportunities for our students.

With consistent efforts in placement training and industry interaction, a significant number of students have secured positions in these organizations. This achievement reflects the effectiveness of our training programs and the dedication of our students in preparing themselves for the corporate world.

The successful placements stand as a proud moment for the institution, reinforcing our commitment to student success. It is indeed a great accomplishment to confidently state that we are moving towards assured placement opportunities, ensuring a bright future for our students.

These achievements highlight the institution's focus on career readiness, industry alignment, and continuous improvement, making MES AIMAT a trusted destination for quality education and placements.

COLLEGE FACILITIES

MES AIMAT stands as a hub of modern education, offering students a dynamic and enriching learning environment supported by top-notch facilities.

The computer lab is well-equipped with the latest technology and high-speed internet, enabling students to enhance their technical skills, conduct research, and stay updated with the digital world. It serves as a space where innovation and practical learning go hand in hand.

The institution also boasts advanced classrooms designed to create an interactive and engaging learning experience. Equipped with smart boards, projectors, and modern teaching aids, these classrooms make lessons more effective, visual, and student-friendly.

Together, these facilities reflect MES AIMAT's commitment to providing quality education and shaping future-ready individuals.

The institution also boasts advanced classrooms designed to create an interactive and engaging learning experience. Equipped with smart boards, projectors, and modern teaching aids, these classrooms make lessons more effective, visual, and student-friendly.

MES AIMAT places strong emphasis on its teaching facilities and faculty excellence. The college is supported by a team of highly qualified and experienced educators who adopt innovative teaching methods, including case studies, group discussions, seminars, and presentations.

COLLEGE FACILITIES

The library at MES AIMAT serves as the intellectual heart of the campus, providing students with a peaceful and resource-rich environment for learning and research.

More than just a place for books, the MES AIMAT library promotes a strong reading culture and supports students in their academic journey, helping them develop knowledge, curiosity, and critical thinking skills.

COLLEGE FACILITIES

The computer lab at MES AIMAT College is a modern and well-equipped facility designed to support students in gaining practical knowledge and digital skills.

Regular lab sessions and practical classes are conducted under the guidance of experienced faculty, ensuring that students gain hands-on experience alongside theoretical knowledge. The facility also supports seminars, workshops, and training programs that enhance technical competence and industry readiness.

Overall, the computer lab at MES AIMAT plays a vital role in preparing students to meet the challenges of the digital world with confidence and competence.

HR ACITIVITY

HR activities at MES AIMAT play a vital role in shaping students into competent and industry-ready professionals. These activities are designed to bridge the gap between academic learning and real-world corporate practices.

The institution regularly organizes HR-focused programs such as group discussions, mock interviews, resume-building workshops, and personality development sessions. These activities help students improve their communication skills, confidence, and professional behavior, which are essential for career success.

In addition, training sessions and workshops conducted by industry experts provide insights into current HR practices, recruitment processes, and workplace expectations. Students get hands-on experience through role plays, case studies, and team-building exercises that enhance leadership and decision-making skills. MES AIMAT also emphasizes soft skill development, including interpersonal skills, time management, and problem-solving abilities. These activities ensure that students are well-prepared to face job interviews and adapt effectively to corporate environments.

Overall, HR activities at MES AIMAT contribute significantly to the holistic development of students, preparing them to become skilled, confident, and professional individuals ready to excel in their careers.

ACKNOWLEDGMENT

We take this opportunity to express our sincere gratitude to all those who have supported and contributed to the successful preparation of our college magazine.

First and foremost, we extend our heartfelt thanks to our respected Director for the constant encouragement, vision, and support provided throughout this journey.

We would also like to express our sincere gratitude to the Heads of the Departments of MBA and MCA for their valuable guidance, motivation, and continuous support in bringing out this magazine.

We are deeply thankful to all our faculty members for their encouragement, insightful suggestions, and unwavering support, which greatly contributed to the quality of this publication.

We would like to place on record our appreciation for the dedicated efforts of the Magazine Committee Members, whose creativity, teamwork, and hard work made this magazine a reality.

We also extend our thanks to all the students who contributed articles, poems, and creative works, adding diversity and vibrancy to the magazine.

Finally, we express our gratitude to everyone who has directly or indirectly supported us in completing this magazine successfully.
